Strengths Quest

FCS 100

Taylor Duncan & Brittany Nice
What is StrengthsQuest

- The CliftonStrengths assessment is a web-based assessment of normal personality from the perspective of Positive Psychology.
- The CliftonStrengths assessment presents 177 items to you. Each item consists of a pair of potential self-descriptors, such as "I read instructions carefully" versus "I like to jump right into things".
- The descriptors are placed as if anchoring polar ends of a continuum. You are then asked to choose the descriptor that best describes you, & to identify the extent to which that chosen option is descriptive of you.
- You are given 20 seconds to respond to a given pair of descriptors before the assessment automatically presents the next pair.

Taking the Assessment

- Allow yourself time to sit down & take the assessment - it is time consuming.
- Try not to answer “neutral” over & over for accurate results.
- Upon completion, it will generate your “Top 5 Strengths”
1. Using a black marker, draw 5 different images to describe each of your strengths.
2. Does not have to be super artistic!
3. Make a PowerPoint presentation containing scans/photos of each of your Strengths.

**DUE DATE:**
